Core Values

Core values are the fundamental values that represent the identity of an institution or a College. They indicate the institute's zest for humanity and national development. They occupy a nuclear place in personal, social and national progress. Our College runs in consonance with the following core values:

- Spreading higher education in rural and remote area.
- Uplifting the deprived and disadvantaged sections of the society.
- Developing patriotic, self-reliant and disciplined youth as the wealth of the nation.
- Creating awareness among the students about the environmental, global and national issues like pollution, terrorism, illiteracy, communal disharmony and making them contribute to solving these issues.
- Promoting the practices of environmental and water conservation and use of non-conventional sources of energy.
- Catering to the needs of the society at large through outreach programmes/activities.
